Subject: RE: chloroprene PKWG discussion

Seems like we hit the end of the scheduled PKWG meetings, so I have to deal with that, but it should be 2-3 pm on Weds. Can you work with that Allen? If so I'll put something on the calendar to discuss.

I saw Allen's note.

Subject: chloroprene PKWG discussion

Hi Paul,

Allen can jump-in and provide more details (or correct me) if needed.

There's an industry request for correction request for the chloroprene IRIS assessment (having to do with PBPK, MOA, and epidemiology—Allen can expand on that if he wishes).

So, some over-arching PKWG, and more immediate chloroprene issues to discuss:
